

# We've Just Got To Pray

Intro

G C D

(verse 1)

I open up my heart to the Lord and he came flowing in

I want to be a strong believer

And I want to be the Lord's disciple

To the darkness to show the truth of the Lord

(chorus)

We've just got to pray, just pray to the Lord

We've just got to pray, just pray to the Lord

We've just got to pray, just pray to the Lord

Pray to the Lord
